

Larry W. Throneberry, FACHE Senior Vice President

Mr. Throneberry has forty years experience in hospital operations, administration and capital program management. As Senior Vice President at ADAMS, he is responsible for all consulting services lines, including pre-development activity, organizational design, change management and administrative outsourcing. Prior to joining ADAMS, he held the position of Senior Vice President, Regional Operations for the Baptist Health System in Birmingham, Alabama from 1991 to 2004. During this time, Mr. Throneberry was responsible for seven hospitals ranging in size from 60 to 225 beds with gross revenues exceeding \$900 million. He also served in various management positions throughout the Baptist Health System during his tenure there. Other highlights from his career include Cullman Regional Medical Center where he was Administrator from 1985 to 1991. While there, he developed and planned a replacement facility resulting in the successful construction of a new 134-bed facility, two professional office buildings, a fitness center, centralized ambulance operations and a rehabilitation center.
